Dear JOYCE YEO SHUHUI

ADMISSION TO THE NATIONAL UNIVERSITY OF SINGAPORE

Congratulations! The National University of Singapore is pleased to offer you admission to the following undergraduate course(s) in Academic Year 2017

HOME COURSE: Science
Mathematics/Applied Mathematics & Computer Science

The National University of Singapore is a leading global university offering a variety of multi-disciplinary programmes and global opportunities. NUS prepares you to be future-ready from your first day at the university and facilitates your engagement with potential employers. Our curriculum is constantly refined to stay relevant to industry. Beyond the requisites of an academic degree, you will have the opportunity to participate in our rigorous and broad-based programmes that allow you to delve into multiple knowledge domains that suit your strengths and interests. The NUS experience is further complemented by a vibrant residential programme and a community enriched with diverse social and cultural perspectives.

We sincerely hope that you will join us and look forward to receiving your response to our offer of admission via the NUS acceptance portal (http://www.nus.edu.sg/oam/conditions_of_offer_&_acceptance.html) by 25 May 2017.

We are confident of the valuable contributions you will make to our community and look forward to welcoming you to the NUS family.

Yours sincerely,

R Rajaram
Senior Director
Office of Admissions
